2 - POINT LAP BELT

- These lap belts are easy to install and are 2 point push button seat belts that adjust to a maximum of 90, 64, 54, 60 or 72 inches total length.
- Our 110 inch replacement lap belt is great for some motorhome seat belt applications.
- These 2 point seatbelts are lap belts only (no shoulder harness), NON-Retractable and are universal fit. So they will fit perfectly on most cars.

FO6612 2-POINT RETRACTABLE LAP BELT, O/A Lenath 54"

Fixed end 9" + 45" Adjustable end

2 point retractable seatbelts lap belt only with buckle (no shoulder harness). These are universal fit, so they are perfect for most cars or vehicles. Standard colour: Black

FO6613

3-POINT RETRACTABLE LAP/SHOULDER BELT, O/A Length 137" Fixed end 12" + 125" Adjustable end

• Spring-activated buckle provides easy access and quick release. Replaces worn original belt using factory fittings.

• Installs easily in cars, trucks or van without original belts with included mounting hardware and instructions.

• Features locking retractor. Ensures complete freedom of movement. Standard colour: Black

4-POINT RACING HARNESS WITH SHOULDER PAD

For Go-Karts and Adult Rides

4 Point Racina Harness with Shoulder Pad to prevent rider discomfort caused by the seat belt rubbing against the neck and shoulder areas.

Webbing

CTS custom designs and manufactures a wide variety of web nets for interior car, van, truck and trailer. Custom nets are tailored to fit each application resulting in a highly effective load securing system.

WARNING: All nets must be secured properly with proper hardware. It is the responsibility of installer to secure nets for proper weights and applications. We are NOT responsible for any installations or bodily harm caused by improper use of WEBBING WIDTH HOLE SIZE

HOW TO ORDER:

- Specify 1" or 2" webbing width
- Specify the WIDTH x LENGTH of the cargo net
- Specify the size of the SQUARE HOLE opening (space between webbing), 2"x2", 3"x3", 4"x4", 5"x5".....
- Optional add sewn-in hardware, O-rings, snap hooks. (see our hardware section for selection)
- Make your cargo net adjustable by selecting ratchets or cam buckles to be included on your cargo net.

All cargo nets are custom-made and all sales are final

1" - 2" WEBBING CUSTOM CARGO NETS

CUSTOM 3-D PALLET CARGO NETS

STYLE 12 - CUSTOM PALLET CARGO NET WITH CAM BUCKLES

1" WEBBING

WORKING LOAD LIMIT: 1,000 LBS (454 KGS)

2" WEBBING

WORKING LOAD LIMIT: 3,335 LBS (1,515 KGS)

Colours: Red / yellow / blue / grey / white / black

- Adjustable design fits any pallet skid 4' x 4 ' and up to 6' high
- 1" or 2" webbing

NEVER EXCEED THE WORKING LOAD LIMIT (WLL). LOADS BEYOND ITS WLL CAN RESULT IN SERVERE PERSONAL INJURY OR DEATH.

• comes with cam buckle x 4 corners with adjustment.

Cargo nets are seen as no more than a device to stop the load from falling off the pallet during transportation.

Cargo nets need to be treated with sufficient care to prevent unnecessary damage

NET INSTALLATION

The installation of any cargo net onto a loaded pallet must follow a defined set of steps:

- 1. Place the net evenly over the load with the sides of the net hanging down equally on all four sides.
- 2. Close the corners of the net by pulling the handle loops on the cam buckle. The adjacent sides of the net should be brought together as evenly as possible. When this operation is completed, the end of the lashing line or lashing loops is secured.
- 3. On properly netted load, the net should be just tight enough to be secure and not able to move around. It should not be tightened such that it raises the edges of the pallet or that it damages the cargo loaded on the pallet.

CUSTOM CARGO NETS

CUSTOM BAGGAGE CARGO NETS FOR CESSNA

NET-3-2830

BAGGAGE CARGO NET FOR CESSNA 172

A single throw-over "floor-to-floor" front-loading baggage area net that attaches to ring and stud fittings on the top, middle and bottom end.
